Application No. 10/827,097  
Amendment and Response Dated April 12, 2005  
Reply to Office Action dated January 13, 2005

Remarks

The examiner has rejected original claims 1-10 and 12-18 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-8 and 10-18 of U.S. Patent No. 6,755,518, the parent to the present application. The examiner has also rejected original claim 11 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 10 and 11 of the same U.S. Patent No. 6,755,518 in view of Wen et al. U.S. Patent No. 6,092,890.

A terminal disclaimer is submitted herewith to overcome the rejections. The required Terminal Disclaimer fee of \$130 is enclosed.

Applicant has amended the claims and added new claims in alternative language and of differing scope to more completely cover the patentable subject matter. A check in the amount of \$1,800 for 36 total claims and 8 independent claims is enclosed.

It is submitted that these claims are patentable as were the original claims with the submission of the terminal disclaimer.

A Supplemental Information Disclosure Statement is enclosed. The required Supplemental Information Disclosure Statement fee of \$180 is enclosed.

Applicant does not believe that any additional fees are due in connection with this submission. However, if such extension is due or any other fees are necessary, the Commissioner may consider this to be a request for such and charge any necessary fees to deposit account 23-3000.

An early allowance is respectfully requested.

Respectfully submitted,

WOOD, HERRON & EVANS, L.L.P.
